BRIEF DESCRIPTION:

Oral health care services were organised by MNR Dental college in association with Rohini foundation in various areas in and around Hyderabad on 23/01/2024 to 25/01/24. We have provided services to various government schools and colleges. Complete oral screening to all the students was done by the volunteering doctors. Hemoglobin estimation was done for high school and college students. Oral hygiene kits were provided to all the children. Oral hygiene instructions were given to children to help them maintain good oral hygiene.
