## Activity Report

World No Tobacco Day – May 31, 2026

Department of Public Health Dentistry, MNR Dental College

**Organized by:** Department of Public Health Dentistry, MNR Dental College and Hospital in association with NSS, along with NSS team of Tara degree college

**Occasion:** World No Tobacco Day 2026

**Date of Activity:** 14 May 2026

**Venue:** Tara Degree College, Sangareddy

**Report Date:** In observance of World No Tobacco Day (31 May 2026)

**Doctors attended :** 10 interns

Participants included : 10 interns - dental college, staff and students of tara degree college, sangareddy

### Introduction

As part of the observance of World No Tobacco Day 2026, the Department of Public Health Dentistry, MNR Dental College and Hospital, organized an oral health awareness and screening camp at Tara Degree College, Sangareddy, on 14 May 2026. The program aimed to create awareness among students regarding the harmful effects of tobacco consumption, the prevention of oral cancer, and the importance of maintaining good oral health.

### Objectives

- To educate students about the adverse effects of tobacco use on oral and general health.
- To raise awareness regarding oral cancer and its early signs and symptoms.
- To encourage tobacco cessation and promote a tobacco-free lifestyle.
- To provide oral health screening for the students.

### Activities Conducted

E-mail: [mnrdc@mnrindia.org](mailto:mnrdc@mnrindia.org); Website: [www.mnrindia.org](http://www.mnrindia.org)

The camp was conducted by interns from the Department of Public Health Dentistry under the guidance of faculty members.

## 1. Oral Health Screening

A comprehensive oral examination was carried out for the students attending the camp. The interns screened participants for oral health problems, with special emphasis on identifying tobacco-related oral lesions and early signs of oral cancer. Students were informed about their oral health status and advised regarding necessary treatment and preventive measures.

Total op screened : 56

E-mail: [mnrdc@mnrindia.org](mailto:mnrdc@mnrindia.org); Website: [www.mnrindia.org](http://www.mnrindia.org)

An interactive health education session was conducted by the interns focusing on:

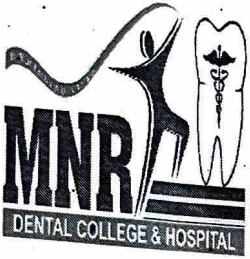

- Harmful effects of smoking and smokeless tobacco products.
- Risk factors associated with oral cancer.
- Early warning signs and symptoms of oral cancer.
- Importance of early diagnosis and regular oral health check-ups.
- Benefits of quitting tobacco and methods for tobacco cessation.
- Healthy lifestyle practices for maintaining oral and general health.

Educational messages were delivered using simple and engaging language to ensure effective understanding among the students.

## Conclusion

The World No Tobacco Day activity conducted by the Department of Public Health Dentistry, MNR Dental College and Hospital, at Tara Degree College, Sangareddy, was successful in achieving its objectives. Through oral health screening and educational interventions, the program contributed to increasing awareness about tobacco-related health hazards and the prevention of oral cancer among young adults.

### Department of Oral Medicine & Radiology CIRCULAR

The Department of Oral Medicine & Radiology (OMR), MNR Dental College & Hospital, is organizing an Awareness Program as a part of Skill Development Session on the occasion of World No Tobacco Day for all Postgraduate Students and Interns and faculties, celebrated every year on 31<sup>st</sup> May.

The program is aimed at enhancing the clinical skills of future dental practitioners by training them in the systematic and thorough examination of the oral mucosa for the early identification of oral potentially malignant disorders and oral cancer. The session will also focus on creating awareness regarding the harmful effects of tobacco consumption and its significant role in the development of oral cancer.

#### Program Details

Event: World No Tobacco Day Awareness Program & Skill Development Session

Date: 1st June 2026

Time: 2:30 PM

Venue: Lecture Hall - 2

Participants: All Postgraduate Students and Interns

#### Resource Person

The presentation will be delivered by Dr. Vinay Kumar Reddy, Principal and Head, Department of Oral Medicine & Radiology, MNR Dental College & Hospital.

All Postgraduate Students and Interns are requested to attend the program and actively participate in the session.

### ACTIVITY REPORT

**Event:** World No Tobacco Day Awareness Program As A Part Of Skill Development Session

**Date:** 1st June 2026

**Time:** 2:30 PM

**Venue:** Lecture Hall – 2

**Resource Person:** Dr. Vinay Kumar Reddy, Principal, Professor & Head, Dept of OMR

**Organized By:** Department of Oral Medicine & Radiology, MNRDC

**Participants:** 48 Students & 4 Staff

#### REPORT-

The Department of Oral Medicine & Radiology, MNR Dental College & Hospital, organized a World No Tobacco Day Awareness Program and Skill Development Session on 1st June 2026 at 2:30 PM in Lecture Hall-2 for faculties, postgraduate students and interns.

The program commenced with a welcome address by Dr. Bhuvaneshwari Kalmath, Professor, Department of Oral Medicine & Radiology. She emphasized the importance of World No Tobacco Day and the role of dental professionals in tobacco cessation and oral cancer prevention.

The keynote presentation was delivered by Dr. Vinay Kumar Reddy, Principal, Professor & Head, Department of Oral Medicine & Radiology. He discussed smoking and smokeless tobacco products, their prevalence in India, and the serious health risks associated with tobacco use, including oral cancer, lung cancer, pancreatic cancer, and colorectal cancer. The session stressed the importance of early detection of oral potentially malignant disorders through comprehensive oral mucosal examination.

The presentation further highlighted the historical background of World No Tobacco Day, the role of the World Health Organization, global and national tobacco-use trends, and the economic and environmental burden caused by tobacco cultivation and consumption. Information regarding COTPA-2003, the National Tobacco Control Programme (NTCP), National Tobacco Control Cell (NTCC), and National Tobacco Quit Line Services was also shared.

A significant portion of the session focused on skill development. Participants were trained in the systematic examination of oral mucosa for the identification of suspicious lesions and potentially malignant disorders. The importance of patient counseling, tobacco cessation strategies, and timely referral was emphasized.

The program concluded with a vote of thanks delivered by Dr. Mobeen, Reader, Department of Oral Medicine & Radiology, who expressed gratitude to the Principal, faculty members, postgraduate students, interns, and all participants for making the event successful.

#### Outcome:

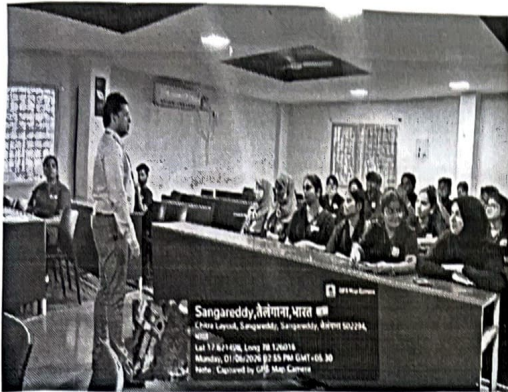

- Improved awareness regarding the harmful effects of tobacco.
- Enhanced knowledge of oral cancer and potentially malignant disorders.
- Strengthened clinical skills in oral mucosal examination.
- Increased understanding of tobacco cessation counseling.
- Encouraged active participation in tobacco control and oral cancer prevention.

#### Conclusion:

The program successfully enhanced awareness regarding tobacco-related diseases and reinforced the importance of early detection, patient education, and tobacco cessation in dental practice.
